

Oberstdorf Shorttrack Summercamp 2024

Bulletin no. 09

Saturday 3 August 2024

Ice Training Information

In this bulletin you will get all information about the on Ice training sessions of the Oberstdorf Shorttrack Summercamp 2024.

Ice Training Schedule

The Ice Training Schedule can be found on the next page and is also published on the Mobile website under the link ICE TIME

Composition of Training Groups

The composition of the Training Groups will be published in a separate bulletin and is evaluated with the trainers. It is not allowed to change from Training Group or session by yourself. If necessary to change from group the trainer will discus this with the Organising Committee and after decision inform the skater about this.

Entry of the Ice rink

All skaters will receive an accreditation card for entering the Ice rink at the training sessions. This card must be showed automatically to the cassiere at entering the Ice rink without that she has to ask for it. Parents can enter the Ice rink with their children without showing an accreditation card.

No bikes in Ice rink

It is not allowed to put bikes during the training sessions into the Ice rink. Bikes must stay outside the building.

Safety Padding

The Safety padding must be put on the ice and taken off several times during the week. Please look into the Ice Training Schedule when this has to be done. We ask as much as possible volunteers to help with this.

Rubber Track markers

Rubber track markers will be available in both Ice rinks. After the last training session they must be stored outside the boarding near the finish line and not been taken into the dressing rooms or other location.

Mobile Website

All further information can be found in the other bulletins on the mobile website of www.skatingonline.info

We wish you all good training sessions.
